

# Scope Technologies Corp. Engages Percepture to Accelerate Growth of QSE Brand and Drive Client Acquisition in the Evolving Quantum Security Landscape

VANCOUVER, BC, Dec. 20, 2024 /CNW/ -- Scope Technologies Corp. (CSE: SCPE) (OTCQB: SCPCF) (FSE: VN8) ("Scope Technologies" or the "Company") is pleased to announce its engagement of Percepture, a leading full-service digital marketing and public relations agency. This partnership is a strategic step to expand the market reach of QSE (Quantum Security Entropy) and drive client acquisition amid the accelerating developments in quantum security.

With over two decades of experience, Percepture has already launched targeted LinkedIn and Google Ads campaigns designed to elevate the QSE brand as a go-to solution for quantum-resistant encryption and decentralized storage. In addition, SEO initiatives are set to begin shortly, further solidifying QSE's presence in industries where data protection and quantum resilience are critical, including but not limited to finance, healthcare, and legal.

Percepture's tailored approach includes programmatic advertising and thought leadership initiatives, complementing the current campaigns to educate key decision-makers on the urgency of adopting quantum-secure solutions in light of recent advancements in quantum computing capabilities.

"Partnering with Percepture marks a pivotal moment in our strategy to scale QSE and ensure businesses are prepared for the challenges of the quantum era," said James Young, CEO of Scope Technologies. "Their expertise in digital marketing and deep understanding of our objectives will help us fast-track our mission to protect businesses with cutting-edge cybersecurity solutions."

The campaigns will highlight QSE's quantum-proof encryption and decentralized storage capabilities, positioning it as the go-to choice for enterprises seeking robust, future-ready security and data vaults. While QSE remains the primary focus, Scope's multi-channel strategy will also reinforce GEM AI's user-friendly machine learning solutions, ensuring its value is communicated effectively to target audiences.

For more information on QSE's quantum-resistant encryption and decentralized data storage, please visit [qse.group/#services](https://qse.group/#services).

## Cautionary Note Regarding Forward-Looking Statements

This news release contains forward-looking statements that constitute forward-looking information (collectively, "forward-looking statements") within the meaning of applicable Canadian securities legislation. All statements in this news release that are not purely historical statements of fact are forward-looking statements and include statements regarding beliefs, plans, expectations, future, strategy, objectives, goals and targets, and more specifically, the use of proceeds of the Offering. Although the Company believes that such statements are reasonable and reflect expectations of future developments and other factors which management believes to be reasonable and relevant, the Company can give no assurance that such expectations will prove to be correct. Forward-looking statements are typically identified by words such as: "believes", "expects", "aim", "anticipates", "intends", "estimates", "plans", "may", "should", "would", "will", "potential", "scheduled" or variations of such words and phrases and similar expressions, which, by their nature, refer to future events or results that may, could, would, might or will occur or be taken or achieved. Forward-looking statements involve known and unknown risks and are based on assumptions and analyses made by the Company in light of its experience and its perception of historical trends, current conditions and expected future developments, including, but not limited to, those risks and assumptions described in the Company's prospectus dated August 10, 2022, a copy of which is available under the Company's profile on SEDAR at [www.sedar.com](https://www.sedar.com). While Scope considers these assumptions to be reasonable, based on information currently available, they may prove to be incorrect. Readers are cautioned not to place undue reliance on any forward-looking statements, which speak only as of the date of this press release. In addition, forward-looking statements necessarily involve known and unknown risks, including, without limitation, risks associated with general economic conditions, continued satisfaction of Canadian Securities Exchange requirements, product safety and recalls, regulatory compliance and risks associated with the Company's business. For more information on the risks, uncertainties and assumptions that could cause anticipated opportunities and actual results to differ materially, please refer to the risk factors set out in the Company's prospectus dated August 10, 2022, a copy of which is available under the Company's profile on SEDAR at [www.sedar.com](https://www.sedar.com). Forward-looking statements are made as of the date of this news release and, unless required by applicable law, the Company assumes no obligation to update the forward looking statements or to update the reasons why actual results could differ from those projected in these forward-looking statements. All forward-looking statements are qualified in their entirety by this cautionary statement.

**The Canadian Securities Exchange has in no way passed upon the merits of the business of the Company and has neither approved nor disapproved the contents of this news release and accepts no responsibility for the adequacy or accuracy hereof.**
