1. NATURE OF OPERATIONS AND GOING CONCERN

JKS Resources Inc. ("the Company" or "JKS") was incorporated under the Business Corporations Act of British Columbia on November 9, 2020. The Company is engaged in the exploration and development of mineral properties in Canada. The Company's head office is located at 200 - 550 Denman Street, Vancouver, BC, Canada.

These condensed interim financial statements have been prepared assuming the Company will continue as a going concern, which contemplates the realization of assets and satisfaction of liabilities in the normal course of business. At February 28, 2023, the Company had accumulated losses of \$292,579 since its inception and expects to incur further losses in the development of its business. The continuation of the Company is dependent upon obtaining necessary financing to meet its ongoing operational levels of exploration and corporate overhead. Additional funds will be required to enable the Company to continue its operations and there can be no assurance that financing will be available on terms which are acceptable to the Company. These conditions indicate the existence of a material uncertainty that casts significant doubt as to whether the Company can continue as a going concern. These financial statements do not give effect to adjustments that would be necessary should the Company be unable to continue as a going concern and therefore be required to realize its assets and liquidate its liabilities and commitments in other than the normal course of business. Such adjustments could be material.

In March 2020, there was a global pandemic outbreak of COVID-19. The actual and threatened spread of the virus globally has had a material adverse effect on the global economy and specifically, the regional economies in which the Company operates. The pandemic could result in delays in the course of business and could have a negative impact on the stock market, including the Company's ability to raise new capital. These factors indicate material uncertainties that may cast significant doubt upon the Company's ability to continue as a going concern and, therefore, that it may be unable to discharge its liabilities in the normal course of business. These financial statements do not give effect to any adjustments to the amounts and classifications of assets and liabilities which might be necessary should the Company be unable to continue its operations as a going concern.

2. BASIS OF PREPARATION

The Company's condensed interim financial statements have been presented in conformity with International Accounting Standard ("IAS") 34, Interim Financial Reporting. The condensed interim financial statements do not include all the information required for complete annual financial statements in accordance with International Financial Reporting Standards ("IFRS"), as issued by the International Accounting Standards Board ("IASB") and interpretations of the International Financial Reporting Interpretations Committee ("IFRIC") and therefore should be read together with the audited financial statements for the year ended August 31, 2022.

The Company uses the same accounting policies and methods of computation as detailed in the Company's audited financial statements for the year ended August 31, 2022.

JKS RESOURCES INC.
NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS
For the three and six months ended February 28, 2023 and 2022
(Unaudited - Expressed in Canadian Dollars)

These financial statements have been prepared on a historical cost basis, except for certain financial instruments which are measured at fair value. In addition, these financial statements are prepared using the accrual basis of accounting, aside from cash flow information.

These financial statements were approved by the Board of Directors for issue on April 27, 2023.

3. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

In preparing these condensed interim financial statements, the significant judgements made by management in applying the group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements for the year ended August 31, 2022.

4. DEPOSITS

During the six months ended February 28, 2023, the Company entered into a twelve month investor relations agreement with Maynard Communication Inc., an arm's length party, to provide public relations, marketing and corporate and communication services. A payment of \$100,000 was made upon engagement and another payment of \$50,000 is due three months after engagement.

5. EXPLORATION AND EVALUATION ASSET

On January 8, 2021, as amended February 5, 2021 and November 9, 2021, the Company entered into an option agreement (the "Option Agreement") with Dorval Exploration Inc. ("Dorval"), to acquire a 100% interest in the Sowchea property (the "Sowchea Property"). The Sowchea Property is located in Fort St James in the Omineca Mining Division in the Province of British Columbia.

To fully exercise the option and acquire a 100% right, title and interest in and to the Sowchea Property, the Company is required to:

- Pay \$25,000 in cash within five business days of the execution of the Option Agreement (paid in January 2021);
- Pay \$25,000 and issue 200,000 common shares within five business days of the listing date (paid and issued in December 2022);
- Pay \$25,000, issue 500,000 common shares and incur exploration expenditures of \$150,000 on or before 18 months after the listing date; and
- Issue 750,000 common shares and incur exploration expenditures of \$500,000 on or before 28 months after the listing date.

Pursuant to the Option Agreement, Dorval reserved a 1% gross over-riding royalty interest payable ("GORR"). The Company has the option at any time to purchase up to 0.5% GORR, by paying \$1,000,000 in cash to Dorval for the 0.5% GORR.

- b) **Issued and outstanding** – As at February 28, 2023, the Company had 21,620,000 (August 31, 2022 – 14,920,000) common shares issued and outstanding.
- c) **Financings**

Six months ended February 28, 2023

- On November 30 2022, the Company completed its initial public offering (the “IPO”) by issuing 6,500,000 common shares at a price of \$0.10 per share for total gross proceeds of \$650,000. In connection with the IPO, the Company agreed to pay the agent a cash commission equal to 10% of the proceeds and granted the agent an option to acquire 650,000 common shares of the Company at a price of \$0.10 per share until November 30, 2024. The agent’s options were valued at \$27,526 using the Black-Scholes pricing model, with the following assumptions: risk-free rate of 3.86%, expected life of 2 years, expected volatility of 74.20% and expected dividends of Nil. The agent also received a corporate finance fee of \$35,000 plus GST. Previously incurred deferred financing costs of \$69,007 were re-classified to share issue costs upon completion of the IPO. The Company also incurred cash share issue costs of \$31,833.
- On December 1, 2022, the Company issued 200,000 common shares pursuant to the Sowchea Property option agreement. The common shares were valued at the date of issuance \$27,000.

There were no share transactions during the six months ended February 28, 2022.
