

## **Integrated Cyber Solutions Announces Significant Customer Renewal and Expansion of Services**

**VANCOUVER, BC - November 15, 2023 - Integrated Cyber Solutions Inc. (CSE: ICS)**, a Managed Security Services Provider (MSSP), is pleased to announce the renewal and expansion of services with a longstanding, esteemed client in the power, renewables, infrastructure, and broader energy value chain sector. This collaboration demonstrates the company's dedication to delivering managed cybersecurity services for organizations with specific requirements and strict compliance standards.

In line with Integrated Cyber's "land and expand" business model, the initial engagement with the client began with the delivery of Managed Detection and Response (MDR) services. Over the years, the company has successfully improved the client's security profile across multiple locations. This expansion demonstrates Integrated Cyber's ability to deliver value and grow alongside clients, ensuring their ever-expanding cybersecurity needs are continuously met.

In the last 18 months, the company's position as a trusted cybersecurity advisor has led to the expansion of services to meet their growing cyber needs, including:

### **Managed Cyber Security Awareness and Training utilizing the Proofpoint platform**

The client understands the best way to get ahead of the cyber threat curve is to address the entry point for over 85% of cyber issues - employees. Integrated Cyber will implement new user training, ensure employees who pose a higher risk receive remedial training, train the entire organization monthly, and actively perform phishing attacks to measure and enhance awareness and preparedness.

### **Continuous Vulnerability Scanning**

Integrated Cyber will identify and help the client address security weaknesses with their continuous vulnerability scanning service – a crucial service for every company to perform to ensure cybercriminals don't find and exploit existing vulnerabilities. The results will enable them to help their client safeguard their valuable data and maintain a robust cybersecurity posture. This approach minimizes the risk of costly data breaches and reputational damage while enhancing compliance with industry regulations and standards, fostering trust among customers and partners.

Adding these service offerings for this client underscores Integrated Cyber's dedication to ensuring the highest level of cyber protection for their clients. The company takes its role as this client's trusted partner by continually focusing on client security and, when needed, expanding its services footprint with offerings such as continuous cyber training and advanced vulnerability scanning technologies.

### **About Integrated Cyber Solutions**

Integrated Cyber Solutions (CSE: ICS) is a managed security service provider (MSSP) that humanizes cybersecurity managed services to the Small-to-Medium Business (SMB) and Small-to-Medium Enterprise (SME) sectors. The company integrates capabilities from third-party cybersecurity providers, allowing companies to continuously adapt their services to evolving technologies and providers – ensuring customers have access to the latest cybersecurity solutions. Apart from providing essential cybersecurity services, Integrated Cyber's managed services and IC360 technology platform consolidate vast amounts of information to generate actionable intelligence

from the numerous software point solutions within their customer's environments. The results enable simple, understandable, and actionable insights to help customers comprehend and better secure their organization. Integrated Cyber emphasizes the human aspect of cybersecurity management, simplifying complex concepts, and highlighting the crucial role that employee behavior plays in a company's cyber defenses.
