1. NATURE OF OPERATIONS AND GOING CONCERN

Nature of operations

The Company was incorporated under the Business Corporations Act (British Columbia) on November 12, 2021, with the name 1332996 B.C. Ltd. The Company's registered office is located at 2600-1066 West Hastings St., Vancouver British Columbia V6E 3X1.

On May 12, 2023, the Company completed a reverse takeover (the "Reverse Takeover") with Integrated Cyber Solutions, LLC, a company organized under the Limited Liability Company Act of the State of Connecticut, on November 8, 2016. Pursuant to the Reverse Takeover, the Company changed its name to Integrated Cyber Solutions, Inc. Following the completion of the Reverse Takeover, Integrated Cyber Solutions LLC became a wholly owned subsidiary of the Company. As consideration for the Reverse Takeover, the Company issued to the Integrated Cyber Solutions LLC Members an aggregate of 32,280,000 common shares (Note 3).

The Company began trading on the Canadian Stock Exchange (CSE) under the stock symbol ICS on October 10, 2023.

The Company is a managed security service provider ("MSSP") that delivers cybersecurity managed services to the Small-to-Medium Business ("SMB") and Small-to-Medium Enterprise ("SME") segments, integrating capabilities from third-party cybersecurity providers.

As a result of the Reverse Takeover, the former Members of Integrated Cyber Solutions LLC acquired control of the Company. Integrated Cyber Solutions LLC was deemed as the acquirer for accounting purposes, and therefore its assets, liabilities and operations are included in the consolidated financial statements at their historical carrying value. The Company's results of operations are those of Integrated Cyber Solutions LLC with the Company's operations being included from May 12, 2023, the closing date of the Reverse Takeover, onwards.

Going concern

At March 31, 2024, the Company had working capital deficit of \$461,164 and an accumulated deficit of \$7,053,839.

The condensed interim consolidated financial statements have been prepared on a going concern basis, which assumes that the Company will be able to meet its obligations and continue its operations for the foreseeable future. There are no assurances that the Company will be successful in its efforts to secure additional financing in the future as required. These matters result in material uncertainties which may cast significant doubt on whether the Company will continue as a going concern. The consolidated financial statements do not reflect adjustments that would be necessary if the going concern assumption were not appropriate. If the going concern basis was not appropriate for these consolidated financial statements, then adjustments would be necessary in the carrying value of assets and liabilities, the reported revenues and expenses, and the statement of financial position classifications used.

There are many external factors that can adversely affect general workforces, economies and financial markets globally. Examples include, but are not limited to, the COVID-19 global pandemic and political conflict in other regions. It is not possible for the Company to predict the duration or magnitude of adverse results of such external factors and their effect on the Company's business or ability to raise funds.

These condensed interim consolidated financial statements were approved by the Board of Directors and authorized for issue on May 30, 2024.

2. SIGNIFICANT ACCOUNTING POLICIES AND BASIS OF PREPARATION

Statement of compliance to International Financial Reporting Standards

These condensed interim consolidated financial statements of the Company have been prepared in accordance with International Financial Reporting Standards ("IFRS") issued by the International Accounting Standards Board ("IASB") and interpretations of the International Financial Reporting Interpretations Committee ("IFRIC").

Basis of presentation

Statement of Compliance

These condensed interim consolidated financial statements have been prepared in accordance with IAS 34, Interim Financial Reporting ("IAS 34"), as issued by the International Accounting Standards Board ("IASB"), and its interpretations, using accounting policies consistent with International Financial Reporting Standards ("IFRS"). The condensed interim financial statements should be read in conjunction with the audited financial statements for the year ended June 30, 2023, which have been prepared in accordance with IFRS as issued by the IASB and interpretations of the IFRS Interpretations Committee ("IFRIC"). The accounting policies followed in these condensed interim financial statements are consistent with those applied in the Company's financial statements for the year ended June 30, 2023.

These condensed interim consolidated financial statements have been prepared on a historical cost basis except for financial instruments carried at fair value. In addition, these consolidated financial statements have been prepared using the accrual basis of accounting except for cash flow information.

The functional currency is determined using the currency of the primary economic environment in which that entity operates. The functional currency of the Company is the Canadian Dollar and the functional currency of Integrated Cyber Solutions LLC is the United States Dollar. All amounts presented are in United States dollars unless otherwise indicated.

Consolidation

These condensed interim consolidated financial statements are presented on a consolidated basis and include the accounts of the Company and its controlled entities. Control occurs when the Company is exposed to, or has right to, variable returns from its involvement with an investee and has the ability to affect those returns through its power over the investee. Details of controlled entities are as follows:

			Percentage Owned
Entity	Country of Incorporation	Functional Currency	March 31, 2024 and June 30, 2023
Integrated Cyber Solutions LLC	United States	United States Dollars	100%

All intercompany balances and transactions have been eliminated on consolidation.

Notes to the Condensed Interim Consolidated Financial Statements For The Periods Ended March 31, 2024 and 2023 (Expressed in United States dollars unless otherwise specified) (Unaudited)

2. SIGNIFICANT ACCOUNTING POLICIES AND BASIS OF PREPARATION (CONTINUED)

Critical accounting judgements, estimates and assumptions:

The preparation of these consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in these consolidated financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. Revisions to estimates are adjusted prospectively in the period in which the estimates are revised. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) are discussed below.

Income taxes

Significant judgment is required in determining the provision for income taxes. There are many transactions and calculations undertaken during the ordinary course of business for which the ultimate tax determination is uncertain. The Company recognizes liabilities and contingencies for anticipated tax audit issues based on the Company's current understanding of the tax law in the relevant jurisdiction. For matters where it is probable that an adjustment will be made, the Company records its best estimate of the tax liability including the related interest and penalties in the current tax provision.

Management believes they have adequately provided for the probable outcome of these matters; however, the outcome may result in a materially different outcome than the amount included in the tax liabilities. In addition, the Company recognizes deferred tax assets relating to tax losses carried forward only to the extent that it is probable that taxable profit will be available against which a deductible temporary difference can be utilized. This is deemed to be the case when there are sufficient taxable temporary differences relating to the same taxation authority and the same taxable entity which are expected to reverse in the same year as the expected reversal of the deductible temporary difference, or in years into which a tax loss arising from the deferred tax asset can be carried back or forward. However, utilization of the tax losses also depends on the ability of the taxable entity to satisfy certain tests at the time the losses are recouped.

Going concern

Management's assessment that the Company will be able to execute its strategy and fund future working capital requirements to continue as a going concern requires significant judgment.

Notes to the Condensed Interim Consolidated Financial Statements For The Periods Ended March 31, 2024 and 2023 (Expressed in United States dollars unless otherwise specified) (Unaudited)

2. SIGNIFICANT ACCOUNTING POLICIES AND BASIS OF PREPARATION (CONTINUED)

Critical accounting judgements, estimates and assumptions(continued)

Estimates

• Share-based payment transactions

The Company measures the cost of equity-settled transactions with employees by reference to the fair value of the equity instruments at the date at which they are granted. The fair value is determined by using either the Binomial or Black-Scholes model taking into account the terms and conditions upon which the instruments were granted. The accounting estimates and assumptions relating to equity-settled share-based payments would have no impact on the carrying amounts of assets and liabilities within the next annual reporting period but may impact profit or loss and equity.

• Fair value of consideration in the Reverse Takeover

The consideration to acquire the Company in the Reverse Takeover was comprised of shares. The fair value of such shares was determined on the date of issuance. The Company applied IFRS 2, "Share-based Payment" in accounting for this transaction.

Revenue recognition

Application of the accounting principles related to the measurement and recognition of revenue requires the Company to make judgments and estimates. Revenue arrangements may be comprised of multiple performance obligations. Judgment is required in determining the performance obligations that exist in an arrangement and the nature of these deliverables. Management also applies judgement in the calculation of the estimated life of a contract, the value of amounts recoverable on contracts and the timing of revenue recognition.

Significant accounting policies

The accounting policies set out in the audited consolidated financial statements for the year ended June 30, 2023 have been applied consistently to all periods presented in these condensed interim consolidated financial statements.

New Accounting Standards and Interpretations not yet mandatory or early adopted

Certain new standards, interpretations, amendments and improvements to existing standards were issued by the IASB or IFRIC that are mandatory for accounting periods beginning on or after January 1, 2023. The Company does not expect that any new or amended standards or interpretations that are effective for annual periods beginning on or after January 1, 2023 will have a significant impact on the Company's results of operations or financial position.

Notes to the Condensed Interim Consolidated Financial Statements For The Periods Ended March 31, 2024 and 2023 (Expressed in United States dollars unless otherwise specified) (Unaudited)

3. REVERSE TAKEOVER

On May 12, 2023 ("Acquisition Closing Date"), the Company completed a reverse takeover (the "Reverse Takeover") with Integrated Cyber Solutions, LLC, a company organized under the Limited Liability Company Act of the State of Connecticut, on November 8, 2016. Pursuant to the Reverse Takeover, the Company changed its name to Integrated Cyber Solutions, Inc. Following the completion of the Reverse Takeover, Integrated Cyber Solutions LLC became a wholly owned subsidiary of the Company. As consideration for the Reverse Takeover, the Company issued to the Integrated Cyber Solutions LLC members an aggregate of 32,280,000 common shares (the "Compensation Shares").

As a result of the Reverse Takeover, the former members of Integrated Cyber Solutions LLC acquired control of the Company. Integrated Cyber Solutions LLC was deemed as the acquirer for accounting purposes, and therefore its assets, liabilities and operations are included in the consolidated financial statements at their historical carrying value. The Company's results of operations are those of Integrated Cyber Solutions LLC with the Company's operations being included from May 12, 2023, the closing date of the Reverse Takeover, onwards.

At the time of the Reverse Takeover, the Company did not meet the definition of a business as defined under IFRS 3 "Business Combinations". Hence, the qualifying transaction was accounted for as an asset acquisition in accordance with IFRS 2, "Share-Based Payment".

Pursuant to the Purchase Agreement, the 32,280,000 common shares issued to the Integrated Cyber Solutions LLC members, will be subject to contractual escrow as follows:

- 25% of the Compensation Shares will be released on the twelve-month anniversary of the Acquisition Closing Date;
- 25% of the Compensation Shares will be released on the eighteen-month anniversary of the Acquisition Closing Date; and
- 50% of the Compensation Shares will be released on the twenty four-month anniversary of the Acquisition Closing Date.

Notes to the Condensed Interim Consolidated Financial Statements For The Periods Ended March 31, 2024 and 2023 (Expressed in United States dollars unless otherwise specified) (Unaudited)

3. REVERSE TAKEOVER (CONTINUED)

The fair value of the consideration issued to acquire the net assets of the Company is as follows:

	\$
24,215,676 common shares at a fair value of \$0.18 (CAD 0.25) per share	4,439,333
Fair value of replacement options	60,389

7. SHAREHOLDERS' EQUITY (DEFICIENCY)

Authorized share capital

As at March 31, 2024, the authorized share capital of the Company consists of an unlimited number of common and preferred shares without par value.

Share capital transactions

During the period ended March 31, 2024:

On October 6, 2023, the Company completed its initial public offering of 5,000,000 Units at CAD\$0.25 (\$0.18) per Unit. Each Unit consisted of one common share of the Company, and one share purchase warrant. Each warrant is exercisable into one common share of the Company, at an exercise price of CAD\$0.50 for 24 months. In connection with this financing, 256,500 agent warrants were issued, with an exercise price of CAD\$0.50 for 24 months. These agent warrants were valued at \$17,638 using the Black-Scholes Option Pricing Model, with the following assumptions: share price - CAD\$0.25; risk-free interest rate – 4.87%; expected life – 2 years; expected volatility – 100% and expected dividends – nil. The Company also incurred \$85,342 of cash share issuance costs.

In addition to this financing, 425,000 Top-Up Warrants were issued to Alke in conjunction with their agreement (Note 9). These warrants were recorded as an interest and financing fees in the statement of loss and comprehensive loss, valued at \$61,489 using the Black-Scholes Option Pricing Model, with the following assumptions: share price - CAD\$0.25; risk-free interest rate – 4.87%; expected life – 3 years; expected volatility – 100% and expected dividends – nil

The Company's shares began trading on the Canadian Securities Exchange ("CSE") on October 10, 2023, under the symbol ICS.

During the year ended June 30, 2023:

Prior to the Reverse Takeover, the Company had 23,450,000 common shares issued and outstanding. Integrated Cyber Solutions LLC had no common shares issued or outstanding, only members equity (deficit) resulting from member contributions, distributions, and profit and loss.

Immediately preceding the Reverse Takeover, the following transactions closed:

7. SHAREHOLDERS' EQUITY (DEFICIENCY) (CONTINUED)

Stock Options

Integrated Cyber Solutions LLC had no options issued or outstanding prior to the Reverse Takeover.

On May 23, 2022, the Company adopted a stock option plan (the "Stock Option Plan") whereby it can grant incentive stock options to directors, officers, employees, and consultants of the Company. The maximum number of shares that may be reserved for issuance under the Stock Option Plan is limited to 10% of the issued and outstanding common shares of the Company at any time. The vesting period for all options is at the discretion of the Board of Directors. The exercise price will be set by the Board of Directors at the time of grant and cannot be lower than the exercise price permitted by the Canadian Securities Exchange.

A summary of the Company's stock option activity is as follows:

	Number of options	Weighted average exercise price
Balance, June 30, 2022	200,000	\$CAD 0.30
Granted	250,000	\$CAD 0.30
Balance, June 30, 2023 and March 31, 2024	450,000	\$CAD 0.30

As at March 31, 2024, outstanding options were as follows:

Number of options outstanding	Number of options exercisable	Exercise price	Expiry date	Remaining contractual life (years)
200,000	200,000	\$CAD 0.30	June 6, 2027	3.18
250,000	250,000	\$CAD 0.30	July 1, 2027	3.25
450,000	450,000	\$CAD 0.30		3.22

Upon completion of the Reverse Takeover, stock options previously issued by the Company were considered as compensation in the transaction, as "replacement options" in Note 3. The following weighted-average assumptions have been used for the Black-Scholes valuation for the replacement: share price - CAD\$0.25; risk-free interest rate – 3%; expected life – 5; expected volatility – 100% and expected dividends – nil.

9. COMMITMENTS AND CONTINGENCIES

Commitments

Prior to the Reverse Takeover, on April 15, 2022 the Company and Alke Capital Limited ("Alke") entered into the investment and advisory agreement (the "Alke Agreement"). Pursuant to the Alke Agreement, Alke will (a) provide certain advisory services to the Company, ("Alke Advisory Services"), and (b) make available to the Company a non-revolving equity drawdown facility in the aggregate amount of up to \$5,000,000 (the "Funding Commitment").

The Funding Commitment is for an aggregate amount of \$5,000,000 and a term of three years. In addition, the Company may use the Funding Commitment as security, with the consent of Alke, to secure additional financing avenues if it so chooses. Upon listing of its common shares on the Canadian Stock Exchange (the "Listing") and under the terms of the Alke Agreement, the Company can immediately start drawing down funds from the \$5,000,000 Funding Commitment during the three-year term at the Company's discretion by providing a notice to Alke (an "Alke Drawdown Notice"). No funds have been withdrawn under the Funding Commitment as of June 30, 2023.

As an additional provision of the Alke Agreement, in the event that the Shares of the Company become listed for trading on a recognized stock exchange in North America then the Company will issue a pre-determined additional amount of warrants to Alke immediately following listing ("Top-Up Warrants"). 425,000 Top-Up Warrants were issued upon completion of the listing (Note 7).

Contingencies

At times there may be claims and legal proceedings generally incidental to the normal course of business that are pending or threatened against the Company. Although the Company cannot predict the outcome of these matters when they arise, in the opinion of management, any liability arising from them will not have a material adverse effect on the balance sheet, result of operations, or liquidity of the Company. At March 31, 2024 and June 30, 2023, there were no claims or legal proceedings.

10. CAPITAL MANAGEMENT

The Company's objective when managing capital is to maintain adequate levels of funding in order to safeguard the Company's ability to continue as a going concern, fund its planned activities and commitments and retain financial flexibility to respond to unforeseen future events and circumstances. The Company manages and makes adjustments to its capital structure based on the level of funds on hand and anticipated future expenditures. In order to maintain or adjust the capital structure, the Company has, when required, raised additional capital from shareholders. The Company has not paid dividends, nor returned capital to shareholders to date. The Company considers items included in shareholders' equity as capital.

The Company is not subject to externally imposed capital requirements and the Company's overall strategy with respect to capital risk management remains unchanged.

11. FINANCIAL INSTRUMENTS

Fair value

The fair values of financial assets and liabilities, together with their carrying amounts, are presented by class in the following table:

	March 31, 2024	FVTPL	Amortized cost	FVTOCI
March 31, 2024	\$	\$	\$	\$
ASSETS				
Cash and cash equivalents	1,277	-	1,277	-
Accounts receivable	13,513	-	13,513	-
LIABILITIES				
Accounts payable	242,800	-	242,800	-
Loans payable - current	233,154	-	233,154	-
Long Term liabilities	12,500	-	12,500	-
	June 30, 2023	FVTPL	Amortized cost	FVTOCI
	\$	\$	\$	\$
ASSETS				
Cash and cash equivalents	11,432	-	11,432	-
Accounts receivable	22,840	-	22,840	-
LIABILITIES				
Accounts payable	259,269	-	259,269	-
Loans payable - current	50,004	-	50,004	-
Long Term liabilities	210,601	-	210,601	-

The Company's short-term financial instruments approximate their fair values due to their short terms to maturity. The Company's long-term financial liabilities approximate their fair values due to their market interest rates.

There are three levels of the fair value hierarchy that prioritize the inputs to valuation techniques used to measure fair value, with Level 1 inputs having the highest priority.

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 – Quoted prices in markets that are not active, quoted prices for similar assets or liabilities in active markets, or inputs that are observable, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3 – Unobservable (supported by little or no market activity) prices.

The Company does not have any financial instrument carried at fair value.

The recorded amounts of financial instruments approximate their respective fair values due to either their short-term nature or market interest rate for long term debt.

11. FINANCIAL INSTRUMENTS (CONTINUED)

Financial risk management

In the normal course of business, the Company is inherently exposed to certain financial risks, including market risk, credit risk and liquidity risk, through the use of financial instruments. The timeframe and manner in which the Company manages these risks varies based upon management's assessment of the risk and available alternatives for mitigating risk. The Company does not acquire or issue derivative financial instruments for trading or speculative purposes. All transactions undertaken are to support the Company's operations.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. The significant market risks to which the Company is exposed are currency risk and interest rate risk.

Currency risk

Currency risk relates to the risk that the fair values or future cash flows of the Company's financial instruments will fluctuate because of changes in foreign exchange rates. Exchange rate fluctuations affect the costs that the Company incurs in its operations. The Company is exposed to minimal currency risk arising from transactions in Canadian dollars which would not have a material impact on the financial statements due to normal fluctuations against the United States Dollar.

<u>Interest rate risk</u>

Interest rate risk is the risk that the fair value or the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company does not have any financial instruments with variable rates of interest and is therefore not exposed to interest rate risk.

Credit risk

Credit risk is the risk of an unexpected loss if a third party to a financial instrument fails to meet its contractual obligations. The Company's maximum exposure to credit risk is attributable to its cash and accounts receivable before considering allowance for doubtful accounts. The Company limits the exposure to credit risk by only storing its cash with high-credit quality financial institutions and assessing customers credit worthiness prior to entering into contracts. Management believes that the credit risk is acceptably low.

As at March 31, 2024 and June 30, 2023 the Company had accounts receivable and allowance for doubtful accounts as follows:

	March 31, 2024	June 30, 2023	
	\$	\$	
Accounts receivable	150,513	159,840	
Allowance for doubtful accounts	(137,000)	(137,000)	
Accounts receivable, net of allowance	13,513	22,840

11. FINANCIAL INSTRUMENTS (CONTINUED)

Financial risk management (continued)

Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in raising funds to meet commitments associated with financial instruments. The Company manages liquidity by maintaining adequate cash balances to meet liabilities as they become due.

As at March 31, 2024, the Company had cash and cash equivalents of \$1,277 and current liabilities of \$475,954. At March 31, 2024, the Company's operations do not generate positive cash flows. The Company's primary source of funding has been the issuance of equity securities through private placements. Despite previous success in acquiring these financings, there is no guarantee of obtaining future financings (Note 1 "Going concern"). The Company is exposed to liquidity risk. The Company's long term debt of \$12,500 is due June 10, 2025.

12. SEGMENTED INFORMATION

The Company operates as a single segment, being the provision of cybersecurity managed services in the United States of America ("USA"). All long-lived assets are located in the USA.
