Item 5 Full Description of Material Change

[Edmonton, Alberta] – November 29, 2023 – Golden Rapture Mining Corporation (“GRMC”), a mining company focused exploration and development company focused on the acquisition, exploration and development of mineral properties in Northern Ontario, is announcing the filing of an amendment to the above noted Technical Report. The amendment to the Technical Report is dated October 27, 2023 and now titled “NI 43-101 Technical Report on the Phillips Property also known as the Nestor Falls Project, Rainy River District, Kenora Mining Division, Ontario” (the “Revised Technical Report”). The amendments were made to clarify the use certain terminology contained within the Technical Report, as well as to ensure that disclaimers and disclosure contained within the Technical Report are in compliance with National Instrument 43-101. A copy of the Revised Technical Report has been filed on SEDAR+.

Item 6 Reliance on subsection 7.1(2) of National Instrument 51-102
