

Super Copper Announces Listing on the Frankfurt Stock Exchange under the Symbol "N60"

VANCOUVER, BC, Oct. 16, 2024 /CNW/ - **Super Copper Corp.** (CSE: CUPR) (FSE: N60) ("**Super Copper**" or the "**Company**"), a mining exploration company focused on advancing high-potential copper assets, is pleased to announce its common shares will begin trading on the Frankfurt Stock Exchange ("**FSE**") under the symbol "**N60**" (WKN: A40R2U and ISIN: CA86804H1091) on Wednesday October 16, 2024.

With this listing, the Company's shares will be cross-listed on the Canadian Securities Exchange and the Frankfurt Stock Exchange, one of the largest stock exchanges in the world. The Company anticipates that the Frankfurt listing will increase trading liquidity, provide broader access to investors, and enhance international exposure. Super Copper's FSE stock quote link can be found here: <https://www.boerse-frankfurt.de/equity/super-copper-corp-o-n>

Zachary Dolesky, Founder and CEO of Super Copper, commented, *"We are excited to commence trading on the Frankfurt Stock Exchange, one of the world's largest and most respected financial markets. This listing marks a key milestone for Super Copper, offering us enhanced visibility in Europe and providing broader access to global investors. With growing global demand for copper, driven by its critical role in renewable energy and infrastructure, we believe this listing will strengthen our shareholder base, improve liquidity, and increase awareness of our growth potential in the copper exploration industry."*

As Super Copper expands its reach internationally, the Company looks forward to updating investors on key milestones, including progress on its exploration activities and future strategic initiatives.

About Super Copper Corp.

Super Copper is a mining exploration company focused on the acquisition, exploration and development of copper and precious metal projects. It is currently developing its joint venture in a prospective Chilean copper property located within the copper-rich Venado Formation in the province of Atacama, Northern Chile, a region with world-class infrastructure and the presence of global majors. | www.supercopper.com

CAUTIONARY NOTE REGARDING FORWARD-LOOKING INFORMATION

This news release includes certain "forward-looking statements" under applicable Canadian securities legislation. Forward-looking statements include, but are not limited to, the commencement of trading of the Company's common shares on the FSE, and the timing thereof, statements with

respect to: the program at Cordillera Cobre; future development, exploration and drilling plans; and the business and operations of the Company. The words "expected", "will", "will have", "will be", "potential", "estimated" and similar expressions are intended to be among the statements that identify forward-looking statements. Forward-looking statements are necessarily based upon estimates and assumptions that, while considered reasonable, are subject to known and unknown risks, uncertainties and other factors which may cause the actual results and future events to differ materially from those expressed or implied by such forward-looking statements. Such factors include, but are not limited to business integration risks; fluctuations in general macroeconomic conditions; fluctuations in securities markets; fluctuations in spot and forward prices of copper, gold, silver, base metals or certain other commodities; fluctuations in currency markets; results of exploration; the economics of processing methods; change in national and local government, legislation, taxation, controls, regulations and political or economic developments; risks and hazards associated with the business of mineral exploration, development and mining (including environmental hazards, industrial accidents, unusual or unexpected formations pressures, cave-ins and flooding); inability to obtain adequate insurance to cover risks and hazards; the presence of laws and regulations that may impose restrictions on mining; employee relations; relationships with and claims by local communities and indigenous populations; availability of and increasing costs associated with mining inputs and labour; the speculative nature of mineral exploration and development (including the risks of obtaining necessary licenses, permits and approvals from government authorities); and title to properties.

There can be no assurance that such statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements. Super Copper Corp. disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law.

Neither the Canadian Securities Exchange nor its Regulation Services Provider (as that term is defined in the policies of the Canadian Securities Exchange) accepts responsibility for the adequacy or accuracy of this release.
